

have tried to connect the Women's Studies Program with ideas being discussed

basecamp "How and where do these ideas get discussed?" As I look at the top-

in East Hall it resides just below you.

A small but committed part of the college community gathered before the  
chapel on the evening of Wednesday, March 24 for the silent candlelight

university in California where a woman was raped on her walk home from  
city one night. When she tried to press charges, she was told it

by violence women are subjected to, including sexual  
abuse, child sexual assault, and sexual harassment.

protests the daily  
assault, domestic

will take part in this important event next year.
